## EDUCATION

### Towson University

B.S. in Computer Science

Baltimore, MD

Expected Graduation, May 2027

- **Concentrations:** Software Engineering Track
- **GPA:** 3.68/4.00, *Dean's List*
- **Related Coursework:** Intro to Computer Science(Java), Calculus I, Calculus II, Discrete Math, CSIT101 (MS Office), Intro to Cyber Security, Data Structures & Algorithm Analysis

**Codecademy Certifications:** Intro to Python 3, Data Structures & Algorithm(Python)

## EXPERIENCE

### Headstarter AI

Software Engineer Fellow

Baltimore, MD

July 2024 – Sept 2024

- Gained mid-level exposure to frontend, backend, cloud, and machine learning stacks through 3-4 projects, applying minimal theory in DSA, systems, and OOP.
- Worked in a core team on resume reviews, group projects, startup ideas, and hackathons, fostering a supportive environment for growth and feedback.
- Presented projects to large audiences, connected with 50+ software engineers, and developed strong communication skills to build rapport with peers and stakeholders.

## PROJECTS

### [Pantry Tracker](#)

Solo

Baltimore, MD

Aug 2024 – Sept 2024

- Created a web app to track pantry items, manage inventory, and reduce food waste using Next.js and React.
- Implemented secure user-specific data storage with firebase, ensuring personalized user experiences.
- Ensured seamless deployment and continuous integration using Vercel for real-time updates and scalability.

### [Recipe AI](#)

Team Member

Baltimore, MD

Aug 2024 – Sept 2024

- Collaborated on an AI-powered recipe assistant using Next.js, React, and OpenAI API for personalized user experiences.
- Developed both frontend and backend in JavaScript using Visual Studio Code to streamline the development process.
- Led team coordination in brainstorming and coding sprints, delivering a modern and polished final product.

### [CleverCards AI](#)

Team Lead

Baltimore, MD

Aug 2024 – Sept 2024

- Led the design and development of a responsive web app for AI-powered flashcards, featuring a sleek dark-themed UI.
- Integrated Stripe API for secure payments, allowing seamless subscription management with full session handling.
- Applied user authentication and data management with Clerk and Firebase, securing user-generated flashcard collections.

### [Portfolio Page](#)

Solo

Baltimore, MD

July 2024 – Aug 2024

- Employed HTML/CSS to create a sleek personal portfolio website.
- Incorporated interactive features such as contact forms and social media integration to communicate with visitors.
- Customized website layout and typography with CSS to reflect personal branding and aesthetic preferences.

## ACTIVITIES AND LEADERSHIP

### Software Engineering Club

Member

Baltimore, MD

Sept 2024 – Current

### NSBE(National Society of Black Engineers)

Member

Baltimore, MD

Sept 2024 – Current

### Models Of Distinction

Titus Distinction-NAME

Baltimore, MD

Sept 2023 – Current

- Exhibited a commanding runway presence, seamlessly translating designer visions into captivating performances.
- Developed creative runway concepts to boost brand visibility and engage audiences effectively.
- Led runway shows, managed teams, and ensured seamless event execution, showcasing strong leadership.

## SKILLS

**Programming:** Java, Python, C++, HTML/CSS, Node.js, React.js, Next.js

**Tools:** PyCharm, VS Code, GitHub, Dr Java, MS Office, Firebase, Material UI, Vercel, Hostinger
